Profile

I started my professional journey as an iOS Developer and developed 2 years of solid experience. Recently, I have transitioned to front-end development to expand my skills. I am eager to apply both my mobile development experience and full stack development skills to build scalable, user-friendly web applications and continue growing in my career.

Technical Skills

- Languages: HTML5, CSS3, JavaScript (ES6+), Swift
- Frameworks/Libraries: React.js, Bootstrap, Tailwind CSS
- Tools: GitHub, Postman, VS Code, Xcode, Figma
- Operating Systems: Windows, macOS

Experience

iOS Developer

April 2022 – March 2024

Casperon Technologies Pvt Ltd, Chennai

- Designed, developed, and maintained efficient, user-friendly iOS applications focused on seamless user experiences.
- Collaborated with designers and back-end developers to implement new features and fix bugs to ensure smooth app functionality.
- Conducted testing and troubleshooting to improve the reliability and performance of the application.
- Hands-on experience in debugging, feature enhancements, and app store publishing
- Successfully deployed apps to the App Store, following best practices and ensuring compliance with Apple guidelines.

Internship

Front-End Development Intern

Jan 2025 – Apr 2025

Besant Technologies, Velachery, Chennai

- Completed hands-on training in HTML, CSS, JavaScript, Bootstrap, and React.js.
- Built dynamic and responsive web pages using React components and state management.
- Worked on a mini React project with routing, reusable components, and form validations.
- Practice Git version control, debugging techniques, and real-world deployment steps.
- Collaborated with mentors and peers, following clean code principles and best UI practices.

Projects

Front-End Portfolio – Personal Developer Showcase

<https://github.com/Elankumaran27-dev/front-endportfolio> 

- Tools used: React.js
- Developed a dynamic and responsive portfolio website to showcase skills, projects, and contact information.
- Reusable components were built with React.js and smooth animations were implemented using Framer Motion.
- Incorporated responsive design, animated welcome section, testimonial cards, and scroll-triggered effects.
- Live site: front-end-portfolio-murex-two.vercel.app 

Grad School – Educational Website

<https://github.com/Elankumaran27-dev/Grad-School> 

- Tools used: HTML, CSS
- Created an educational institute website with a structured layout and modern design.
- Reusable sections are added like the hero banner, about, testimonials, course info, and contact.
- Live site: grad-school-azure.vercel.app 

SmileCare – Responsive Dental Website

<https://github.com/Elankumaran27-dev/smilecare> 

- Tools used: HTML, CSS, JavaScript
- Developed a fully responsive dental care website with modern UI design and clean structure.
- Implemented smooth scrolling, testimonials, contact form, sticky navbar, and custom color themes.
- Live site: <https://smilecare-eight.vercel.app/> 

Tasty Cater – Catering Service Website

<https://github.com/Elankumaran27-dev/tasty-cater> 

- Tools used: React.js, Bootstrap
- Developed a fully responsive multi-section catering business website using React.js and Bootstrap 5.
- Implemented a sticky navigation bar, engaging hero section, about info, services showcase, testimonials carousel, and working contact form layout.
- Designed with Bootstrap grid system for clean layout, smooth scrolling, and mobile responsiveness.
- Live site: <https://tasty-cater.vercel.app/>
